

## Year 2

### History

We will get to learn about some of history's more influential people and the impact they had on our World. We will focus on the inspirational lives of Amelia Earhart and Neil Armstrong.

### R.E

This half term we will talk about signs which show we are coming up to winter and Christmas time.

We will learn why Christmas is important to Christians.

We will also look at stories of Jesus that are found in the Bible.

### Art

In Art we will explore colour, mixing paints to explore different textures. We will use a paint brush to: dab, smooth, wash, sponge, stipple, stroke. We will control paint and water to mix paint of different thicknesses. Alyson the artist will be teaching us how to draw and paint a variety of skies.

### D.T

In DT we will join two pieces of material using a running stitch; decorate textiles using buttons, beads, sequins, braids & ribbons and add colour to fabric.

We're also going to make kebabs in Food and Technology. We will learn how to name and sort foods into the food groups in 'The Eat Well Plate'.

We will also begin to use techniques such as cutting, peeling and grating.

### Science

In science this half term we will identify and compare the suitability of a variety of everyday materials, including wood, metal, plastic, glass, brick, rock, paper and cardboard for particular uses.

We will find out that shapes and solid objects are made from a variety of different materials and that they can be changed by squashing, bending, twisting and stretching.

### The sky is the limit...

This half term we will get to find about some truly inspirational people and what they did to make the World a better place

### English

We will write information texts about Amelia Earhart as well as detailing some of history's most famous events and the people that made them happen. We will complete our phonics and continue with our weekly Spelling Shed tasks.

We will develop our reading through predicting and summarising what we have read. We will look more closely at tenses and develop our spoken language through role play.

### Personal Development

During this time, we will be focusing on Money Sense as well as any current topics.

### White Rose Maths

We will be learning about addition and subtraction. We will know how to add and subtract numbers using concrete objects, pictorial representations and also do this mentally.

We will apply our skills of calculation to solve real life problems.

We will also be learning about shape.
