

Year 3

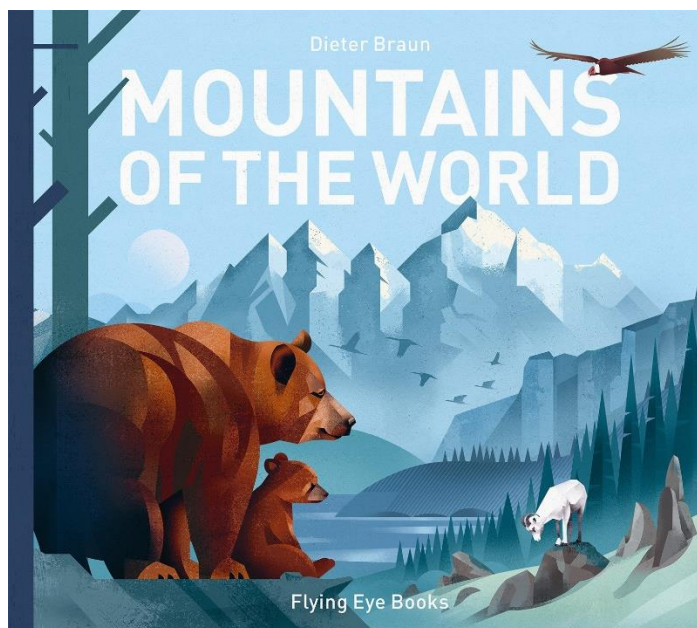

Natural Disasters

We will be learning all about the Earth's natural disasters and how they are caused.

Science:

In science we will be looking at rocks.

We will be comparing and grouping together different kinds of rocks based on their appearance and physical properties. We will also describe how fossils are formed and know that soils are made from rocks and organic matter.

R.E:

In RE we will be exploring the question:
What kind of world did Jesus want?

Personal Development:

During this term, we will be learning about online safety.

DT

In DT this half term we will be cutting wood using a hacksaw and vice. We will be joining two pieces of wood together using a butt join and a screwdriver to screw. We will also use sandpaper to smooth the edges and create a photo frame.

Geography:

This half term, we are going to be learning all about mountains, earthquakes and volcanoes in geography.

English:

This half term, we are going to be using the book 'Mountains of the World' by Dieter Braun to inspire our non-fiction writing. We will explore different non-fiction text types including an information text, persuasive poster and a fact file.

In reading, we will be developing our positive attitudes to understanding what we have read in order to predict and summarise the text. We will be working on increasing the legibility, consistency and quality of our handwriting. We will also be learning how to develop our writing using paragraphs, subheadings and continuing to use fronted adverbials and conjunctions.

Maths:

This term in maths we are going to continue looking at length and perimeter before moving on to fractions.
