

Year 3

Myths and Legends

This half term we will be inspired by local myths and legends. We will explore the fascinating world of these tales.

Science:

In science this half term we will be learning about plants. We will identify and describe the functions of the different parts of flowering plants. Explore the requirements of plants for life and growth. We will investigate the way in which water is transported within plants and also the life cycle of a flowering plant.

English:

This half term, we are going to be inspired by Myths and Legends. We explore different Myths and Legends and use them as inspiration to write our own Myth and Legend as well as a recount.

In reading, we will be developing our positive attitudes to understanding what we have read in order to predict and summarise the text. We will be working on increasing the legibility, consistency and quality of our handwriting. We will also be learning how to develop our writing using paragraphs, speech and continuing to use fronted adverbials and conjunctions.

R.E:

In Re we will be exploring the question:
What is the impact of Pentecost for Christians?

Personal Development:

During this term we will be focusing on RSE through the Yasmine and Tom Programme.

Art

In Art this half term we will be printing simple pictures using different printing techniques. We will explore both mono-printing and relief printing.

History:

This half term, we are going to be learning all about Ancient Greece.

One of the oldest and most successful civilizations on the planet, the Ancient Greeks' aspiration for knowledge led to some of the greatest achievements ever seen.

Maths:

This term in maths we are going to be looking at our second module of fractions as well as money following White Rose Maths.

We continue to problem solve.
