

Personal Development:

During this half term, we will be focusing on Money Sense as well as any current topics.

RE:

This half term we will be focusing on the key question 'What does it mean to be a Hindu in Britain today?' We will be focusing on how Hindus show their faith and how they celebrate Diwali.

English:

Mr Botte makes and sells a special kind of shoe and business is good. However, the little shoemaker's life is about to change... a new shoe seller is in town. Mr Botte's business starts to fail. How will he cope? Maybe he will get some help from unexpected quarters... From this inspiring animation, we will be creating a character description based on the amazing Mr Botte. We will then be using language techniques to create a persuasion text to help Mr. Botte get back customers to his shop!

Computing:

This half term we will be focusing on creating media through audio-production.

Year 4 Autumn 2

The Little Shoemaker

Mr Botte makes and sells a special kind of shoes and business is good. However, the little shoemaker's life is about to change... a new shoe seller is in town. Mr Botte's business starts to fail. How will he cope? Maybe he will get some help from unexpected quarters...

Maths:

This half term we will be focusing on all four operations up to 4 digit numbers. We will then focus on area.

Science:

In Science we are focusing on States of Matter. We will:

Compare and group materials together according to whether that they are solids, liquids or gases. We will also observe that some materials change state when they are heated or cooled and measure or research the temperature at which this happens in degree Celsius. In addition to this, we will also identify the part played by evaporation and condensation in the water cycle and associate rate of evaporation with temperature.

Geography - Rivers

This half term we will be focusing on rivers. We will explore where the world's rivers are using maps. We will begin to understand how rivers shape the land and why rivers are important to people and our Earth. We will explore what landforms rivers can create and what happens when a river floods and how this impacts people's lives.
