

Year 4

Personal Development:

This half term we will be focusing on Relationships. This will be split into three strands: Families and Friendships; Safe Relationships and Respecting Ourselves and Others. We will explore positive friendships (including online), responding to hurtful behaviour, recognising risks online and respecting differences and similarities.

Art:

In Art we will be using clay to create a sculpture.

R.E

In R.E we will be focusing on the question 'What is it like for someone to follow God?'

English:

In English, we will be reading the traditional tale, 'Beowulf'. We will be writing a non-chronological report about dragons and creating persuasive advertisements for brave, monster-slaying heroes and heroines that are available for hire.

THE DARK AGES

In this topic, we will be going back to the Dark Ages as we discover what life was like for the mighty Anglo-Saxons. Throughout the topic, we will read about the courageous deeds of the fictional hero, Beowulf, and his triumph over some foul creatures.

Maths:

This half term we will be focusing on division, specifically learning how to use the short division method and long division. We will then be focusing on line graphs and tables to collect and represent data.

Science:

We are going to investigate:

- how sounds are made and how they travel to our ears.
- patterns between pitch and volume.
- how distance affects sounds and how sounds can be insulated.
- making our own string instruments.

History:

In History, we are going to explore the mighty Anglo-Saxon invaders and the period of time known as the Dark Ages. Our study will include learning about where they came from, why they invaded, what they believed in, how they lived, the impact that they had on England during their settlement and how we know about them.
