

## Year 5

### Computing

In computing, children will learn how to create short videos. They will develop the skills of capturing, editing, and manipulating videos.

### HARRY POTTER

This topic is based around the book 'Harry Potter and the Philosopher's Stone' by J.K. Rowling. Meet Harry, Ron and Hermione as they use their courage, resilience and wit to find the Philosopher's Stone in this magical coming-of-age story.

### Maths:

This half term in maths, the children will continue to develop their understanding of fractions. They will then explore decimals and percentages, before looking at area and perimeter.

### Geography:

In Geography, the children will be finding out:

What is a biome?

How many biomes are there?

What affects an ecosystem?

What is the tundra?

What is the taiga?

How are biomes being damaged?

### Science:

This term we will focusing on forces and properties of materials and changes.

### English:

During this half term, our writing will be all based around the book 'Harry Potter and the Philosopher's Stone.' The children will be writing character and setting descriptions as well as diary entries based on the main characters. We will also be writing a chaptered narrative predicting what is behind the grand door.

### Design Technology:

In D&T we will design and create a lantern for Hogwarts!

We will make our lantern from wood using a range of tools including saws, screwdrivers and sandpaper.

### Personal

### Development:

During this time, we will be focusing on Media Literacy.
